SECTION 2 - BACKGROUND AND PURPOSE

BACKGROUND:

1. The Public Safety Grant Administration Office (PSGAO) is the agency within the Public Safety Department of the State of Rhode Island governmental structure charged with planning, coordination, data collection, statistical analysis and grant administration and distribution for the adult criminal and juvenile justice systems. Through these efforts the PSGAO develops comprehensive programming for the purpose of improving the state's overall response to crime issues;

The PSGAO 's primary responsibility is to plan and apply for, receive and administer various federal grants including the Byrne/Justice Assistance Grant; the Juvenile Justice Delinquency Prevention Act Formula Grant; the Victims of Crime Act Victims Assistance Formula Grant; the S.T.O.P. Violence Against Women Act Formula Grant.

2. The Juvenile Justice and Delinquency Prevention Act (JJDP Act), through the 2002 reauthorization, establishes four core protections with which participating States and territories must comply to receive grants under the JJDP Act:

- Deinstitutionalization of status offenders (DSO).
- Separation of juveniles from adults in institutions (separation).
- Removal of juveniles from adult jails and lockups (jail removal).
- Reduction of disproportionate minority contact (DMC), where it exists.

Meeting the core protections is essential to creating a fair, consistent, and effective juvenile justice system that advances the important goals of the JJDP Act. Each participating state must develop and implement a strategy for achieving and maintaining compliance with the four core protections as part of its annual Formula Grants State Plan. A state's level of compliance with each of the four core protections determines eligibility for its continued participation in the grant programs.

3. As part of the strategy for maintaining compliance, each state must provide for an adequate system of monitoring to ensure that the core protections are met. States must visit and collect information from secure facilities to demonstrate compliance with the JJDP Act. On an annual basis, each state submits this information in the form of a Compliance Monitoring Report to the Office of Juvenile Justice and Delinquency Prevention (OJJDP). The report provides compliance data and a detailed description of how the state is meeting the core protections.

Detailed information about the core protections may be found at <http://ojjdp.ncjrs.org/compliance/section1.pdf>.

GENERAL PURPOSE:

The PSGAO seeks contract services to provide compliance monitoring to determine compliance levels at all secure facilities in Rhode Island to assure state compliance with the following three core requirements of the Juvenile Justice and Delinquency Prevention Act of 2002:
